Education

Stanford University — Stanford, CA
Statistics, Ph.D. — 2021 - 2026 *(expected)*
- Advisor: Prof. Sourav Chatterjee

Indian Statistical Institute (ISI) — Bangalore, India
Master of Mathematics (M.Math) — 2019 - 2021
- Project advisor : Prof. Yogeshwaran Dhandapani

Chennai Mathematical Institute (CMI) — Chennai, India
B.Sc (Hons.) in Mathematics and Computer Science — 2016-2019

Research

I am broadly interested in mathematical statistics, nonparametric tests and graph based methods. At present, I am working on two-sample tests based on geometric graphs.

- **Kanekar, R.** (2025) Power properties of the two-sample test based on the nearest neighbors graph. (Submitted)
  Preprint : arXiv:2504.10719

Awards and Honors

- **Teacher's Award, ISI**, Awarded to top-3 students every semester — 2019
- **Ranked 3rd Nationally**, ISI Master's Entrance Exam — 2019
- **TIFR Entrance Exam**, Accepted to TIFR Mumbai's Integrated PhD program — 2019
- **Master's Scholarship**, Indian Statistical Institute — 2019-2021
- **Bachelor's Scholarship**, Chennai Mathematical Institute — 2016-2019

Teaching Experience

As teaching assistant, Stanford University

- Introduction to Stochastic Processes (STATS 217) — Summer 2022, 2023
- Statistical Learning and Data Science (STATS 202) — Winter 2025
- Introduction to Statistical Inference (STATS 200) — Fall 2023
- Introduction to Applied Statistics (STATS 191) — Summer 2024
- Probability for Statistical Inference (STATS 118) — Fall 2024
- Introduction to Probability Theory (STATS 117) — Fall 2022, Spring 2022,2025
- Principles of Data Science (DATASCI 112) — Winter 2023

Past research and projects

Branching Random Walks (BRW) and geometry of graphs
Indian Statistical Institute, Bangalore — April 2020 - March 2021
- Supervisor : Prof. Yogeshwaran Dhandapani

Reading seminar on probability and geometric group theory
Indian Statistical Institute, Bangalore — July-December 2019
- Organizer : Prof. Yogeshwaran Dhandapani

Skills

Languages : English, Hindi (Fluent), Marathi (Native).

Programming : Python (Pytorch, Pandas), R. Familiar with Haskell.

Miscellaneous : During the ages 9-11, I learnt to use the abacus; a skill that has served me well throughout my mathematical education.
